

Investigator Registration Form / Investigator Initiated Clinical Trial Request

Nitric Bio Therapeutics is actively seeking qualified investigators and research sites to conduct clinical research trials. If you are an experienced investigator, interested in conducting clinical research trials or have an investigator initiated trial project you would like considered, please complete the investigator registration form (IRF) below, which will prompt a call from a Nitric Bio representative.

Information such as your medical specialty, subspecialty, study type and diseases of interest, is critical to Nitric Bio when we are in the process of recruiting investigators for new and ongoing clinical trials. Further, it helps ensure you are only contacted for trials in which you have an interest.

If you prefer not to submit an online IRF form, you may fax a copy of your completed Investigator Registration Form to 215-788-6345

You may also use this form to update your information already in our investigator database by simply updating this form.

Study Site _____ Principal Investigator _____

Title _____ Institution or Organization _____

Center type:

- | | | | |
|--|--|---|---|
| <input type="checkbox"/> University | <input type="checkbox"/> University Hospital | <input type="checkbox"/> General Hospital | <input type="checkbox"/> Community Clinic |
| <input type="checkbox"/> CRO/SMO | <input type="checkbox"/> Dedicated Research Site | <input type="checkbox"/> Private Physician Practice | <input type="checkbox"/> Specialized Unit |
